

## Commuter Services

### DESCRIPTION OF MAJOR SERVICES

The Commuter Services fund was established to account for funds received under AB 2766 to finance mobile source air pollution reduction programs. AB 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. This fund receives AB 2766 funding from both the South Coast Air Quality Management District (SCAQMD) and the Mojave Desert Air Quality Management District (MDAQMD).

### BUDGET HISTORY

In 2006-07, budgeted staffing remains the same, and salaries and benefits will increase due to negotiated labor agreements, and retirement costs. This is the first year this budget unit will incur central computer charges.

The increase in services and supplies reflects an anticipated advertising campaign to increase employee participation in Commuter Services programs, and an estimated increase in vanpool vehicle charges based on inflationary costs for fuel and anticipated rate adjustments. Program oversight has been transferred from the Employee Benefits and Services Division to the Support Services Section of the Human Resources Department.

These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.
